Daily Schedule

Our 4-day course is a great opportunity to participate in our full training program and learn in detail about the culture, medical terms, grammar, and key phrases in order to communicate more effectively and efficiently with your Latino patient.

Classes begin every day at 8:00 AM and end approximately at 4:00 PM.

On Monday (last day) we will have covered the essential class material by [noon](#) in order to accommodate those who need to leave early for return flights or other commitments.

Of course, those who wish to stay are welcome to do so and we will be there to continue working with you, practicing your newly acquired skills.

You will have daily homework from the textbook as well as “townwork” where you will have the opportunity to meet and talk to the local population getting directions, acquiring pricing information and availability of medications, products, etc. You will also have the opportunity to observe and/or become involved with the local culture, habits, and medical community.

We will also have the hospital tour arranged one of the afternoons.

You will still have time to enjoy the city in the late afternoons and evenings.

The following attractions showcase Mexico City's diverse offerings in culture, history, art, and natural beauty, making it a truly captivating destination to explore.
